Aventurile Corcodușei

Învățăm să Numărăm

Corcodușa adoră să numere, să grupeze și să descopere lumea magică a numerelor!

În această aventură, te va învăța cum să te joci cu cifrele!
Ce vei face împreună cu Corcodușa?

Vei număra animăluțe, jucării șibuline vesele

Vei completa secvențe de numere

Vei învăța să scrii cifrele pas cu pas

Vei colora în timp ce înveți cifrele
și sa aduni.

Un mod distractiv și colorat de a
descoperi matematica ideal

pentru copiii de grădiniță

și părinții care

încurajează învățarea

prin joacă! 🎲

Hai să pornim împreună în
această aventură magică!

Joc labirint

Trasează o linie ca să ajuți copilul să ajungă la autobuzul școlar

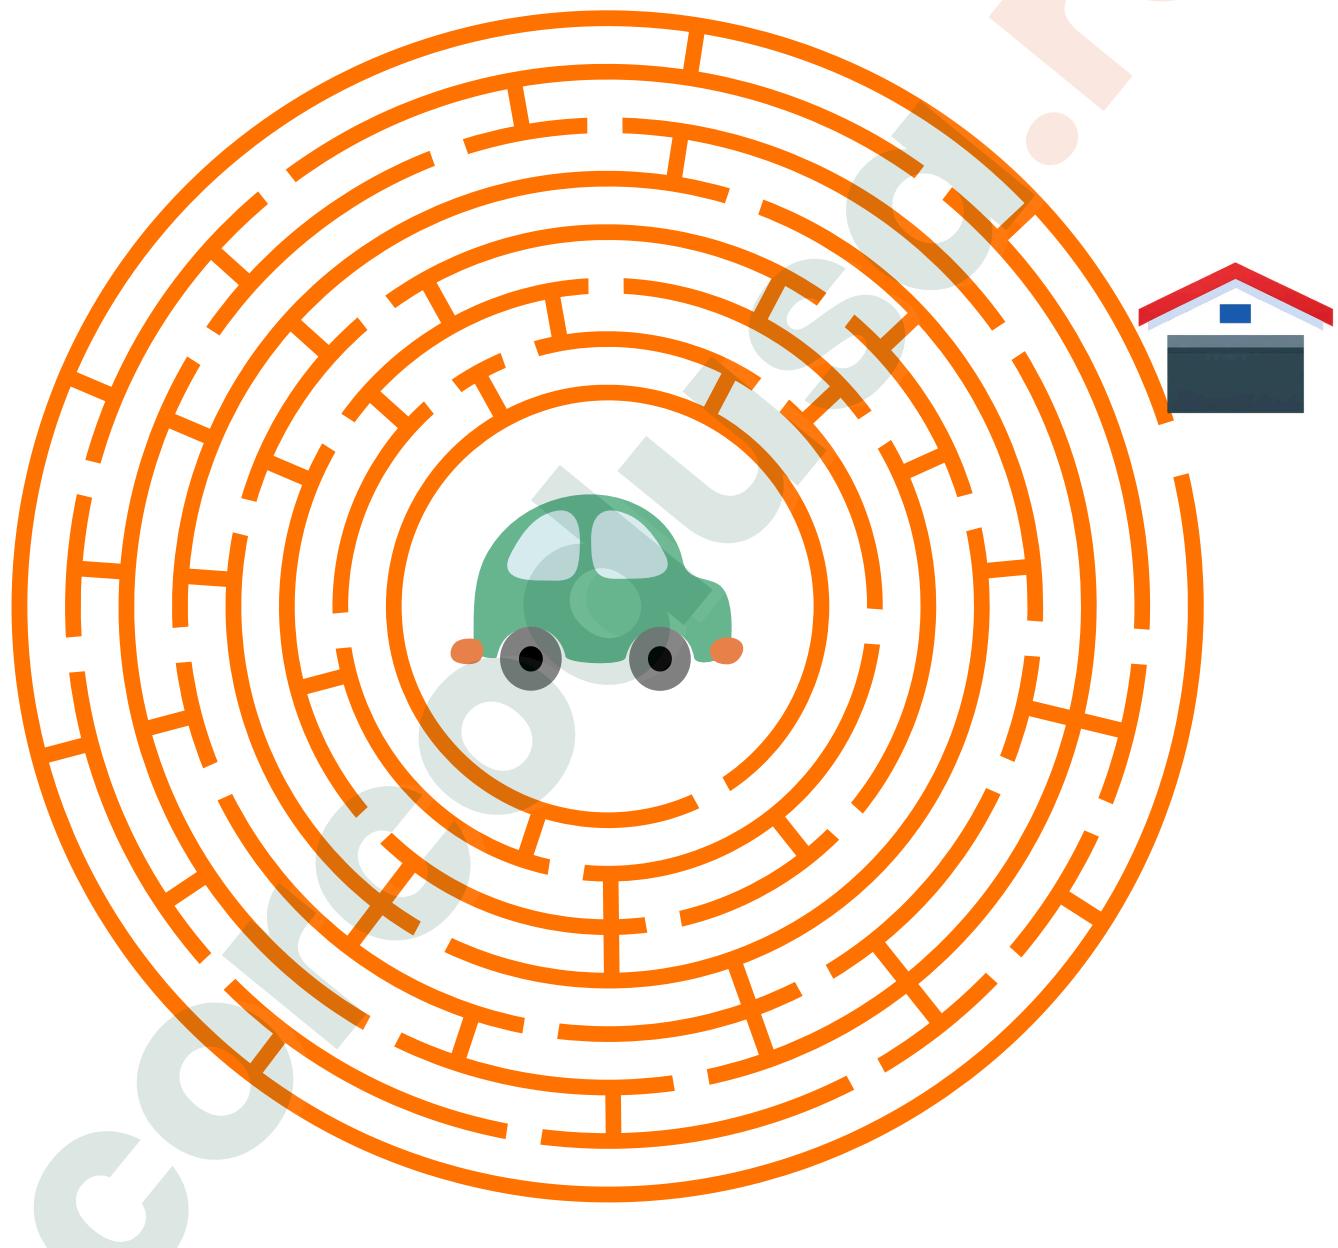

Joc labirint

Trasează o linie ca să ajuți viermișorul să ajungă la măr

Joc labirint

Trasează o linie ca să ajuți mașina să intre în garaj

Calculează și colorează corect

Rezolvă exercițiile și colorează fiecare zonă în funcție de rezultat

The grid consists of 49 hexagons arranged in a 7x7 pattern. Each hexagon contains a mathematical sum. The results range from 5 to 10. The hexagons are color-coded based on their value:

- Red hexagons (5): $5+3$, $3+3$, $5+1$, $4+1$, $1+6$, $7+2$, $5+3$.
- Blue hexagons (6): $2+4$, $2+6$, $6+3$, $3+6$, $7+2$, $3+5$.
- Yellow hexagons (7): $7+1$, $8+2$, $3+3$, $2+8$, $7+1$, $4+3$.
- Orange hexagons (8): $2+5$, $9+1$, $1+5$, $3+3$, $7+2$.
- Green hexagons (9): $6+4$, $4+3$, $7+1$, $4+4$, $3+6$.
- Purple hexagons (10): $4+3$, $6+1$, $6+2$, $3+7$, $5+5$, $5+2$.

Below the grid, there are six additional hexagons, each containing a number from 5 to 10, corresponding to the colors above:

- Red hexagon: 5
- Blue hexagon: 6
- Yellow hexagon: 7
- Orange hexagon: 8
- Green hexagon: 9
- Purple hexagon: 10

Calculează și colorează corect

Rezolvă exercițiile și colorează fiecare zonă în funcție de rezultat

A large hexagonal grid composed of smaller hexagons, each containing a mathematical expression to solve. The results range from 0 to 10. Below the grid, six larger hexagons are colored and labeled with their results: a pink hexagon for 5, an orange hexagon for 6, a green hexagon for 8, a purple hexagon for 7, a blue hexagon for 9, and a yellow hexagon for 10. Bees are illustrated on the grid to indicate where specific results are found.

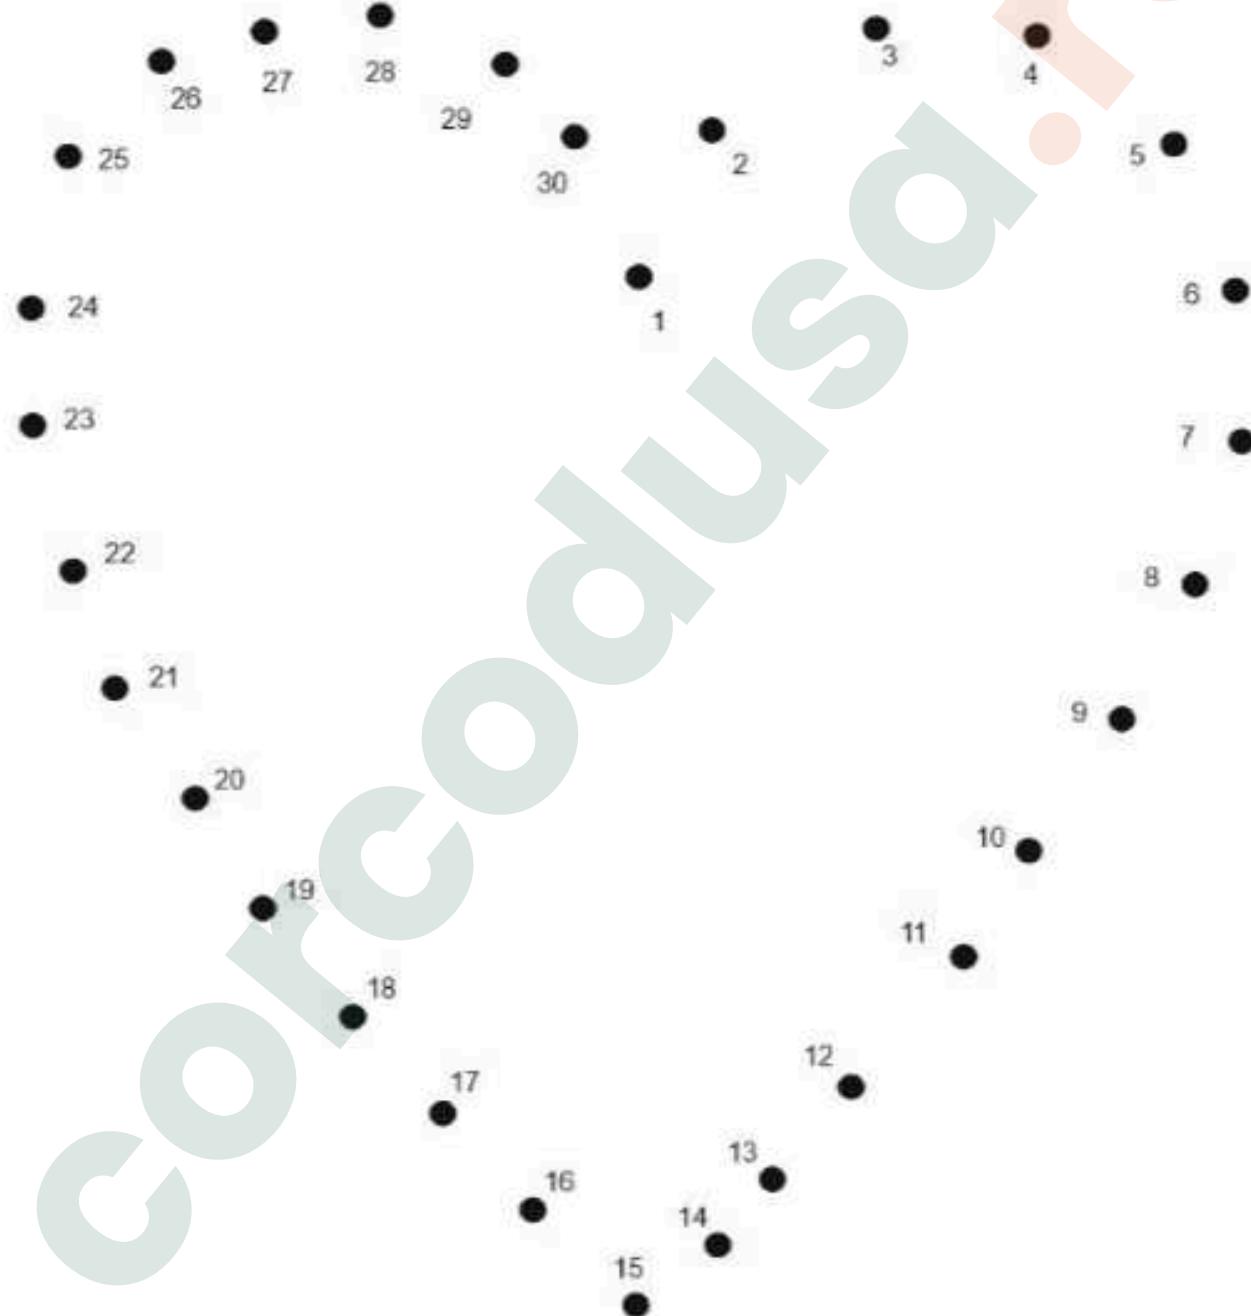

Result	Hexagons
5	Pink hexagon (top-left)
6	Orange hexagon (bottom-left)
7	Purple hexagon (bottom-left)
8	Green hexagon (bottom-middle)
9	Blue hexagon (bottom-middle)
10	Yellow hexagon (bottom-right)

Hexagons containing expressions:

- Row 1: $3 + 7$, $7 + 2$, $4 + 3$, $5 + 3$, $9 + 0$, $3 + 2$
- Row 2: $6 + 1$, $4 + 2$, $1 + 4$, $6 + 3$, $3 + 3$, $7 + 3$, $5 + 1$
- Row 3: $1 + 5$, $1 + 9$, $3 + 5$, $4 + 2$, $6 + 4$, $2 + 8$
- Row 4: $7 + 0$, $3 + 3$, $5 + 2$, $6 + 3$, $8 + 1$, $8 + 0$, $5 + 1$
- Row 5: $3 + 2$, $10 + 0$, $4 + 4$, $4 + 6$, $5 + 4$, $3 + 4$, $0 + 5$
- Row 6: $0 + 9$, $7 + 1$, $5 + 0$, $3 + 6$, $6 + 0$, $5 + 5$
